Expanded Bandwidth
President Fries reported that as a result of an eight year effort NMHU, in collaboration with the University of New Mexico, New Mexico State University, New Mexico Technical Institute an institute in Los Angeles, California, and one in Denver, Colorado, has formed a new high speed research network. The university’s bandwidth will increase from approximately 25mb to 200mb. Bandwidth at the centers will increase from approximately 3-6mb to 30-40mb. President Fries commended Mr. Max Baca for his hard work to increase the university’s bandwidth.

The ITS and Educational Outreach Services Departments have been working on upgrading bandwidth at our ITV sites to allow for HD video quality conferencing.

President Fries informed the Board that Mr. Baca sits on the Innovate Educate Board and that Mr. Baca introduced the School of Education to Oracle. Oracle is working with the School of Education on a pilot project geared towards pre-service teachers. Highlands will be the first in the country to work with Oracle in this way.
Sutin Thayer & Browne Fees
President Fries expressed his appreciation to Ms. Rachel King and Sutin Thayer & Browne, NMHU’s legal counsel for acknowledging budget constraints and capping their legal service fees in addition to their already discounted rates.

Commencement Speaker

Discussion suggested the Governor Martínez should be invited.

During his time as a student at NMHU, Dr. Trujillo was elected student body president twice. He also served as a faculty member and assistant basketball coach for the women’s basketball team.

- Thanked Ms. Margaret Gonzales for a great job and her willingness to serve as Interim Dean of Students while the search for a Dean was being conducted.

- Introduced Mr. Donato Sena who is the new NMHU Police Chief. Regent López commented that the university made a good decision in selecting Mr. Sena as NMHU Police Chief.

- Mr. Eric Young from Weeds, California is NMHU’s new football coach.

- The search for a Director of Upward Bound is near completion.

- ABL Food Services has hired Ms. Debra Gallegos as Director of ABL Food Services at Highlands.

- A search for a Vice President of Finance & Administration will begin after the Legislative Session.

- The search for a Vice President for Academic Affairs was launched and as of January 11, 2011 the university has received 41 applications. Vice President Rivera will be retiring on June 30, 2011.

Los Alamos National Labs Funding
President Fries informed the Board that the university received a $100,000 donation from Los Alamos National Labs (LANL). The donation has changed significantly at the request of LANL;
instead of adding to the endowment fund, the donation will be used to fund the development of the Software Development Program, the Media Arts Program, Math Program and Computer Science Program projects.

**STB Funding for Media Arts**
President Fries reported that through efforts by Chairman Sanchez and former Governor Richardson, NMHU will receive $50,000 from Severance Tax Bonds to enhance the Media Arts Program.

**ARRA Funding for SEMOS**
President Fries informed the Board that through funding committed by former Governor Richardson, the SEMOS Program will receive $100,000. The program provides bilingual materials to New Mexico schools.

**Bookstore Management**
President Fries reported that Ms. Eileen Bentley and Mr. Trujillo composed an RFP for the management of the bookstore. Follett was selected to assume management of a virtual bookstore at NMHU-Rio Rancho this spring and bookstore operations on the main campus this fall. The NMHU Bookstore has typically netted revenue of $25,000-$30,000 yearly; Follett is guaranteeing revenue of $125,000 in the first year.

**Print Shop Closure**
President Fries informed the Board that the university closed the Print Shop. The Print Shop was operating as an auxiliary and was repeatedly losing money. Ms. Bentley worked with the Print Shop staff to try to improve operations, but efforts were unsuccessful. An RFP for the management of the Print Shop was advertised.

President Fries thanked Ms. Bentley for her hard work with the Print Shop and all auxiliary services.

**Campus Streets and Master Plan**
President Fries informed the Board that the City of Las Vegas is holding two public input hearings today. The first will deal with traffic flow; including ways to improve traffic from I-25 to the downtown plaza area by making exit 345 into Las Vegas the primary exit and installing a welcoming archway over University Avenue. Other possible topics involving campus streets include on the possible extension of 12th Street to Mills Avenue and the possibility of National Avenue being closed or becoming a one-way street.

**Legislative Session (Las Vegas Day – January 20, 2011)**
President Fries reported that the Legislative Session opened on January 18, 2011. Las Vegas Day at the Legislature is scheduled for January 20th. NMHU will have a presence at the state capitol during Las Vegas Day and most of the 60 day legislative session.

Governor Susana Martinez has appointed several new cabinet secretaries including Dr. Jose Garcia who is the new Secretary for Higher Education.
FY12 Legislative Finance Committee (LFC) and Department of Finance & Administration (DFA) Budget Proposals

President Fries informed that Board the NMHU received copies of the LFC and DFA budget proposals this week. The LFC proposal recommends reductions of nearly $500,000 approximately 1.7% of NMHU’s state funding. The DFA proposal calls for a budget reduction of approximately 3.3% which amounts to $950,000. The LFC proposal recommends increasing NMHU’s I&G budget modestly but decreases the Athletic budget by 10%, a reduction of $195,000. In 2010 the Athletic Department proposed eliminating two programs because funding was tight. The Governor’s Rodeo Initiative provided $100,000, one-time funding, for the NMHU Rodeo Program for one year. Additionally, $100,000 one-time funding from the university was used to fund the Wrestling Program for another year. President Fries noted that an additional budget reduction of $195,000 will be challenging for NMHU’s athletic program.

President Fries informed the Board that although former Governor Richardson provided the SEMOS Program with $100,000 from stimulus funds, the LFC budget proposal would eliminate funding for that program.

President Fries reported that the LFC recommends a 10% funding reduction for several of NMHU’s other Research and Public Service Programs. A 50% budget reduction for the Forest and Watershed Restoration Institute would result in a $123,000 budget which would be a major loss for the program.

The LFC is proposing a tuition credit increase of 3.1% for New Mexico students attending four-year institutions and a 9.5% increase for students attending two-year institutions. Tuition increases for non-resident students at four-year institutions would increase by 9.5%.

The LFC is also proposing that employee’s contributions to the state retirement program increase by 1.75%; under the executive proposal the employee share would increase by 2%. The federal government has instituted program that reduces FICA contributions by 2% for one year so employees could increase their take home pay. However, state retirement program rate increases would eliminate take home pay increases.

President Fries informed the Board that Educational Outreach Services (EOS) is in its last year of Title V grant funding. NMHU will have to make up the $155,000 to support the ITV services EOS provides through the grant.

Risk Management has notified the university that insurance premiums will increase by $119,000 next fiscal year.

Academic Amnesty Policy – Action Item

President Fries presented the Academic Amnesty Policy (Attachment I) noting that the Faculty Academic Affairs Committee developed the policy which was approved by the Faculty Senate.

President Fries reported that the Human Resources Office worked with legal counsel to revise
language in section 4.5 of the Employee Classification Policy 500 for clarity as requested by the
Board during the October 27, 2010 meeting. A revised copy was provided (Attachment J).

Regent López moved to approve the revised Employee Classification Policy 500 as presented.
Regent Long seconded. Voting in favor of the motion were: Chairman Sanchez, Regent Aguilar,
Regent Long, Regent López, and Regent Rael. Motion passed unanimously.

years and have submitted some procedural changes to their constitution. The revisions have
been reviewed and approved by legal counsel and the administration.

Regent Long moved to approve the Staff Advisory Senate Constitution changes as presented
(Attachment K). Regent Rael seconded. Voting in favor of the motion were: Chairman Sanchez,
Regent Aguilar, Regent Long, Regent López, and Regent Rael. Motion passed unanimously.

2011 Board of Regents Meeting Dates – Action Item

2011 for the subcommittee meetings; April 27, 2011 for a regular Board of Regent meeting;
March 28, 2011 for the subcommittee meetings; and March 30, 2011 for a special Board of
Regents meeting.

Regent Rael moved to approve proposed Board of Regents meeting dates (Attachment L).
Regent Long seconded. Voting in favor of the motion were: Chairman Sanchez, Regent Aguilar,
Regent Long, Regent López, and Regent Rael. Motion passed unanimously.

Other
Chairman Sanchez asked for an update on the Student Union Building construction. President
Fries informed the Board that Makwa Builders was approximately two months behind the
scheduled completion date. Mr. Baca reported that the discovery and removal of shale while
constructing the basement put the contractors behind schedule. Regent Aguilar noted that
although shale was discovered and removed, two months behind schedule was excessive. Regents López stated that the university should consider researching termination of the contractor’s contract if concerns and schedule are not met.

was a pleasure to work with Regent Rael and stated that Regent Rael was a fine young man who

Chairman Sanchez encouraged Regent Rael to venture out into the world and make a mark for himself and for NMHU. Vice President Rivera commended Regent Rael for his hard work representing the students at NMHU and wished him well as he pursues his Ph.D. Mr. Davis thanked Regent Rael for helping all students at NMHU. Dr. Romine thanked Regent Rael for his hard work and service on behalf of the Faculty Senate.

President Fries stated that it was a privilege to work with Regent Aguilar who received three degrees from NMHU, adding that Regent Aguilar was always willing to work with staff on construction as well as other issues. President Fries stated that Regent Aguilar was a great leader, great supporter, and a thoughtful person and that it was a pleasure to have him on the Board and presented him with an award of appreciation.

Regent Aguilar thanked the Board stating that the NMHU Board of Regents was the most professional board that he had ever encountered. Regent Aguilar thanked President Fries and his professional and support staff for making his job as a regent pleasurable and thanked the campus community for embracing his services as a regent.

Regent Long stated that it was a privilege to work with Regent Aguilar who always had NMHU’s best interest in the forefront. Regent Rael stated that was an honor to serve on the Board with Regent Aguilar.
