NMHU did not pass the assessments standard. President Fries pointed out that the assessments standard was an issue with many schools throughout the country.

Vice President Rivera reported that the NMHU-Santa Fe enrollment doubled since last year. Vice President Rivera also informed the Board that after four orientation sessions, 311 new freshmen are enrolled as compared to 329 at last year’s census date. The university will host two more orientation sessions before the fall semester begins. On census day, in 2010, there were 156 graduate students enrolled; to date there are 86 graduate students enrolled for this fall semester. Vice President Rivera commented that he is confident NMHU’s enrollment numbers will surpass those of 2010. Vice President Rivera commended Mr. Gil Gonzales, Director of Recruitment; Dr. Trujillo; and Dr. Sharon Caballero, Director of the NMHU Foundation for their Recruitment efforts. Vice President Rivera reported that a bus load of high school seniors, their parents, and school representatives visited the campus. Approximately 30 of those students enrolled.

Chairman Sanchez asked for the reason for the enrollment increases. Vice President Rivera responded that he believed the enrollment increases are due to the Academic Support, Recruitment Office, faculty and staff working together.

Vice President Rivera and Regent Long thanked Chairman Sanchez for his generous donation to NMHU for the development and implementation of the Reading Acceleration Program which has 19 student participants. President Fries informed the Board that the program is running seven day weeks for four weeks under the direction of Dr. Maura Pilotti and that at last count 21 students were participating.
