3. HLC visit information
   a. Jean Hill has not been put in an official role. There is no committee as far as she knows. She has contacted President Fries.
   b. The accreditation process is now called an assurance review. Our accreditation goes through 2019, with years 4 and 10 being onsite reviews. In year 4, the HLC can ask for monitoring reports. Year 10 reaffirms our accreditation.
   c. Everything is now online. There are page and character limits so must be more concise.
   d. Sept. 28-29, 2015 is the scheduled dates for the visit
   e. Tasks which faculty should begin:
      i. Programs should get their outcomes assessments up to date.
      ii. Advising – Use degree audit to make a note of what you did so that we are documenting that we are actively advising students.
         1. Review the advisor report and make corrections.
         2. Degree plans – 4 year plans loaded into degree audit will make advising simpler
      iii. Articulation agreements – look at each program and work to create an agreement with regional community colleges so students know what they need to take at the CC, and what they will need to take at NMHU.
         1. Sit down with other school’s catalog and create spreadsheets. Meeting with the other college is also helpful
         2. May need to discuss with Dr. Aguilar and/or Deans for training, templates, etc.
      iv. Serve students equally.
         1. Provide same opportunities, services, faculty access, etc.
      v. Update policies, procedures and handbooks
      vi. Update departmental websites
      vii. Adjunct faculty handbook, review & evaluation.
         1. Issues to be addressed should be: How they are appointed or reappointed.
         2. This may be an issue for Faculty Senate to take up.
   f. Strategic plan is out of date as of this semester.

4. Old business
   a. Center for Teaching Excellence report
      a. Dr. Kempner gave brief overview
b. Please review the document and provide feedback. All comments will be included in an appendix. Final vote will be at the next General Faculty meeting.

c. Some concern that there has not been representation from all departments on the CTE Committee. This is a volunteer committee at this point. The document calls for an elected committee comprising of all schools. Can this committee be constituted before finalizing the document?

d. Must be faculty driven. There is concern that some grassroots movements will be subsumed, i.e., ARMAS.
   i. This is not the case, and grassroots initiatives are encouraged.

e. Problem with it being under the School of Education which concentrates on K-12 teachers. Could there be a more centrally located location?
   i. It was pointed out that this is not under the School of Education, but they had space available in their building.

f. Should we have a general faculty meeting just to discuss the CTE or to send out a survey on what issues should be discussed such as location, committee make-up, etc.?
   i. The CTE committee will send out a survey, and schedule a general faculty meeting just to discuss the issues.

b. Dean Section of the Faculty Handbook – changes made this summer. Faculty should review the changes, with a full-faculty vote to be scheduled at a future meeting.

c. How to Vote on Handbook changes – discussion had begun at the April 30th General Faculty meeting - tabled

   a. Identity of Highlands University: role of research, open enrollment, etc.
      a. There is a proposal by the VPAA to have a retreat on reorganization, but not necessarily identity.
