“Cowboy Bucks” Cards – Action Item
Dr. Trujillo informed the Board the “Cowboy Buck” would allow students, parents, and others to deposit funds into an account. Using students IDs, employee IDs, or visitor gift cards individuals could purchase items at campus retail locations. The proposal would allow the use of the cowboy bucks at the Purple Brew Coffee Shop; NMHU Bookstore; Einstein Bros Bagels; SUB convenience store; and any campus vending machine with credit card capabilities. In the future the cowboy bucks would be operational at Ilfeld Auditorium, athletic events, and concessions. The business office will oversee the accounting and deposits on the cards. Various offices on campus provided input regarding the cards. The terms and conditions spell out the minimum deposits, caps for daily spending allowances at the various locations as well as procedures for any refunds.

Regent Long asked why there were spending caps on the cards. Dr. Trujillo responded that the caps were a safety precaution in the event of lost or stolen cards.
Regent Marchi asked what the maximum amount on a card could be. Dr. Trujillo answered that there was no maximum amount set. Regent Marchi asked about possible fraudulent use and what the university’s liability would be in the event of fraudulent use. President Fries pointed out that a disclaimer statement regarding any lost or stolen cards could be added to #16 of the proposed policy.

Dr. Aguilar called to President Fries’ attention that item #6 of the policy reads there is a $50 daily limit at vending locations; this may be problematic if students want to buy books. A lengthy discussion regarding minimum deposits and maximum daily usage cap was held. Regents present authorized the administration to determine cap amount for daily spending and to make policy adjustments as needed.

President Fries summarized that the administration would work with NMHU legal counsel to develop language regarding a disclaimer on item #16; language will be revised regarding the $50 limit per day at vending locations; and language will be inserted in #4 regarding a statement of the maximum amount allowable on a card.

Regent Marchi moved to approve the “Cowboy Bucks” Cards (Attachment A) with the revisions as summarized by President Fries. Regent Long seconded. Voting in favor were: Regent Long, Regent Marchi, Regent Martinez, and Chairman Sanchez.

Disposal of Surplus Property (Obsolete Electrical Equipment) – Action Item
Mr. Baca informed the Board that the electrical equipment listed was obsolete therefore, the university is requesting Board for approval to dispose of the items.

Regent Long moved to approve the Disposal of Surplus Property (Obsolete Electrical Equipment) (Attachment B) as presented. Regent Martinez seconded. Voting in favor were: Regent Long, Regent Marchi, Regent Martinez, and Chairman Sanchez.

NMHU-NMDOT Park & Ride MOU – Action Item
President Fries informed that Board, that three years ago, NMHU entered into an MOU with the New Mexico Department of Transportation (NMDOT) Park & Ride to establish a pick-up/drop-off location on the NMHU campus. The park & ride service is used by a number of students and community members. This MOU is an extension of the previous agreement that will allow the NMDOT Park & Ride to continue using the stop on campus. The stop is on the north end of the Wilson parking lot. There is no additional liability to the university because both entities are state agencies.

Regent Martinez moved to approve the NMHU-NMDOT Park & Ride MOU (Attachment C) as presented. Regent Long seconded. Voting in favor were: Regent Long, Regent Marchi, Regent Martinez, and Chairman Sanchez.

President’s Report
- President Fries informed the Board of the following:

    - Dr. Rey Martinez, faculty member in the School of Social Work, was seriously injured in a head on collision in Colorado. Despite multiple injuries including a punctured aorta, he is making excellent progress.

- The overall fall enrollment numbers are flat compared to this time last year. Our headcount is down by 25 and credit hours are down by 123. Enrollment on the main campus is down by 5%. One main difference from prior years is that the university is holding one large orientation rather than several smaller ones. A fall freshman convocation will be held as part of this year’s orientation session.

- In an effort to boost Native American student enrollment, several members from the university will meet with the President and others at Diné College to establish a relationship. Dr. Maggie George, President of Diné College, is a Highlands alumna.
