

THE ENTERPRISE MANAGEMENT TRAINING INTERNSHIP is where you'll learn how a successful business operates by actually being part of a team that runs one. This is the place to get real-world skills and a head start on your future, as part of the largest rental car company in North America. That's why BusinessWeek magazine named us to their list of "50 Best Internships". And that's why this full-time, paid opportunity is known as one of the premier programs of its kind... in any industry.

REAL OPPORTUNITY.

GETTING COFFEE AND MAKING COPIES? Not a chance. From day one, you're working side-by-side with professionals and tasked with many of the same challenges as our Management Trainees. It's learning by doing. Things like marketing, problem-solving, inventory control, profit and loss analysis, customer service and sales techniques. You'll be exposed to every aspect of our business and given the kind of knowledge and experiences that not only look great on a resume... they build careers.

FUN AND FRIENDLY, EXCITING, FAST-PACED AND HONEST. These are the founding values of Enterprise. The values that helped guide us from a fleet of only 7 cars more than 50 years ago to more than 900,000 vehicles and 7,000 locations today.

Here, integrity isn't just a buzzword. It's the only way to run a successful business. And we realize that doing the right thing goes beyond the walls of our organization. Which is why we've donated \$100 million over the past 25 years to the charities and causes that our employees embrace. And it's why we have the world's largest fleet of fuel-efficient cars, a commitment to plant 50 million trees over 50 years, offer carbon offset programs and fund alternative fuel research. At Enterprise, you'll be part of a socially responsible organization that shares your values and passion for the world around us.

READY FOR WHAT'S NEXT?
