

SDC Broadcasting Company, Inc.

Internship Opportunity: Unpaid

Position: Board Operator

Job Description

Candidate will operate sound board during New Mexico Highlands University, University of New Mexico and New Mexico State University games. Board operation entails setting up games on air from CCBD player, playing pre- and post-game Coaches show, ensuring local and network commercial breaks are played at scheduled times, communicating off air with game announcer and setting up automated satellite system when game ends. On NMHU games, candidate will need to announce start of game and possible interludes, play music at half-time via CD or Skylla Producer. Work hours depend on game times and dates, mostly weekends and some weeknight evenings, five to ten hours weekly. This opportunity may lead to job opportunities at radio station contingent on performance.

About SDC Broadcasting
