- Create a fun and supportive learning environment for children with special needs
- Implement educational programs and behavior interventions as designed by a Behavior Analyst Supervisor
- Promote the development of functional communication skills (i.e. speaking and using assistive communication devices)
- Provide instruction on social skills (i.e. social interactions, play behavior, and conversational skills)
- Support independence with adaptive living skills (daily routines)
- Collect clinical data and track progress
- Participate in team meetings with a BCBA, parents and other team members
- Part Time: 10-20 hours per week, M-F at least 2 hours per day between the hours of 3:00pm-8:00pm.

**Qualifications:**

Experience working with children

- Possess a reliable means of transportation, valid driver's license, auto insurance and a willingness to travel
- Possess a laptop computer with webcam to access BCI's online clinical portal
- Ability to communicate effectively, utilizing both written and verbal skills
- Ability to maintain a high level of professionalism
- Compassionate and understanding
- Legal authorization to work in the United States of America
- Must pass a criminal background check

**Preferred Qualifications:**

- Experience with Applied Behavior Analysis and/or managing children with challenging behaviors
- CPR and First Aid Certification
- Related college coursework (credits in Early Childhood Development, Education or Psychology)

**Physical Demands:**

The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

- While performing the duties of this job, the employee is frequently required to walk, run, sit, stand and drive. The employee is also required to use their hands and reach with their arms.
