Education and career training opportunities in Science, Technology, Engineering & Mathematics (STEM)

SEARCH for a program . . . find your future!

Now is the time that summer research programs are announcing their 2018 deadlines! We have 699 summer research programs posted on our site currently and we are busy posting new program dates and new programs every day!

At the following link, students can find our summer research listings:

<http://tinyurl.com/yc3cghvc>

Students will be able to find:

- 57 summer science exposure programs for **high school students**
- 607 PAID summer research programs for **undergraduates**
- 30 PAID summer programs for **post-baccalaureate** students (including graduating seniors)
- 56 PAID summer programs for **graduate students**

For even more search options and filters, try our advanced search page:

<http://tinyurl.com/ya6xzkw>

If students need help finding programs that fit their interests, please encourage them to email me and I would be happy to search our database of programs and send them recommendations.

Sincerely,

Liv Detrick, Senior Advisor

David Siegfried, Executive Director

The Institute for Broadening Participation (IBP)

www.PathwaysToScience.org

The mission of the Institute for Broadening Participation is to increase diversity in the Science, Technology, Engineering and Mathematics (STEM) workforce. We design and implement strategies to increase access to STEM education, funding, and careers, with special emphasis on reaching and supporting individuals from underserved communities and underrepresented groups, including underrepresented minorities, women, persons with disabilities, first generation college students, and students from underserved communities. The Institute for Broadening Participation is a 501(c)(3) organization, tax ID #20-1891162. Your contribution is tax-deductible to the extent allowed by law.
