

The 8-week student summer program will provide hands-on research experience and an opportunity to prepare a poster and present their research to the scientific community during the NM-INBRE annual meeting.

Students will receive a summer salary!

Eligibility:

- ◆ U.S. Citizen or Permanent Resident
- ◆ Currently attending an NM-INBRE partner institution in New Mexico, or a Western IDeA* state

Who should apply?

- ◆ Students entering their sophomore or junior year
- ◆ Students interested in learning more about careers in Biomedical Research
- ◆ Students who have not worked in a research lab before
- ◆ Students who can commit to full-time work during June 1, 2018 — August 3, 2018
