Children's Medical Services Social Worker

Apply at: <https://tinyurl.com/ydxqr8qh>

Job ID: 100057

Location: Albuquerque, NM

Agency: Department of Health

Full/Part Time: Full-Time

Regular/Temporary: Sponsored Term

Salary

\$15.28 - \$26.59 Hourly

\$31,782 - \$55,307 Annually

This position is a Pay Band 65

Why does the job exist?

To provide direct social work services to a multi-ethnic population including, but not limited to, mono-lingual Spanish speaking families and Native American clientele. Provide a safety net and assurance services for children and youth with special healthcare needs. Services and concerns are addressed on both an individual/family level and on a systems level.

How does it get done?

Assist families of children (ages 0-21), in developing a coordinated plan to meet the child's medical, social, and developmental needs. Service coordination consists of several components including: outreach and engagement of clients/families, providing a complete biopsychosocial assessment and periodic reassessment regarding client's/family's needs, the development and implementation of a service plan, the coordination and monitoring of service delivery and advocacy on behalf of the client including linkage to needed services. Additionally, the Social Worker works collaboratively with medical, educational, vocational and human service providers. Additional goals/components including providing needed outreach to the immigrant and Native American /Pueblo communities. Provide quality assurance for billing and maximizing billing and on-going care coordination and thereby produces revenue to support the program.

Who are the customers?

Children Medical Services Program participants, public.

Ideal Candidate

Will have experience:

Conducting interviews for intake, assessment, diagnostics, referral, reassessment, etc.;

evaluating cases independently; formulating interventions and service plans;

providing social work case practice services to clients and their families with medical conditions or in medical and public health settings and provide crisis intervention.; and

be fluent in English and Spanish.

Minimum Qualification

Bachelor's degree in Social Work (in accordance with NMAC 61-31-9) and two (2) years of experience in a social work setting such as social service agencies, healthcare, medical, educational settings, mental health, home health, hospice, developmental disabilities and other relevant experience, working with patients, clients, providers and families. Substitutions Apply.
