WE’RE NOT YOUR TYPICAL CPA FIRM

REDW LLC, one of the largest and most respected certified public accounting and business consulting firms in the Southwest, announced that AccountingToday.com named the company the fourth fastest-growing accounting firm in the U.S. during 2013. REDW was also recognized as the fifth largest accounting firm in the southwestern United States.

Business casual means a friendly, down-to-earth work environment that doesn’t compromise professionalism. Our culture fosters an environment of hard working individuals committed to their career and personal development, providing our clients with exceptional services, and to achieving the goals of the Firm while having a lot of fun along the way.

You’re invited!

REDW OPEN HOUSE
FRIDAY, SEPTEMBER 19, 2014
3:30 – 5:30PM

Our goal for this event is to provide potential candidates with an inside look at our Firm. We would like to spend the first hour with an Audit and Tax presentation provided by our Principal Team. The second hour will involve networking and offering tours of our facility. We will be serving light hors d’oeuvres during the second hour.

“The accounting field is my passion. REDW is where I choose to work because both the people and the collaborative work environment make my day rewarding.”

Judy Vuong
