

Strategic Planning Update
10/26/09

The 2009-2014 Strategic Plan has been approved by the Faculty Senate, the Staff Senate, and the Board of Regents Academic Affairs subcommittee. The Student Senate has reviewed the Plan, and The Student Senate President reported that there were no objections to it. The draft Plan has been presented in public forums and to various community organizations. The feedback obtained from these presentations was considered when finalizing the Strategic Plan.

The unit-specific action plan template was sent out to all of the individual units across campus. To date, we have received 29 draft unit-specific action plans. Linda La Grange is formatting the draft plans so that they are somewhat similar in style. The action plans will then be forwarded to Bill Sayre who will read them and determine if they are acceptable. Finally, the Strategic Plan Steering Committee will review all of the action plans and approve them, if appropriate.

Once all of the unit plans are approved, they will be posted on the University's website with a link to the individual unit.

A copy of the Strategic Plan and the drafts of the unit-specific action plans received thus far will be placed in the NCA resource room for the upcoming NCA team visit.
