NMHU PURCHASING DEPARTMENT

SOLE SOURCE JUSTIFICATION FORM

A sole source procurement is one for which only one vendor is capable of or allowed to perform a particular service and/or construction or for a tangible item that can be offered by only one vendor. A sole source procurement must comply with §13-1-126 and §13-1-128 N.M.S.A. 1978 and all other state statutes and federals pertaining to sole source procurements.

Submittal of this form is one of the steps required prior to approval of the procurement (approved via issuance of a purchase order). If this procurement is approved by the NMHU Purchasing Department it will then be posted onto the University’s website and the State of New Mexico’s Sunshine Portal. The posting will be for no less than thirty (30) calendar days. If a potential vendor submits a protest against a sole source procurement within that timeframe, the sole source will not be awarded until, and if the protest is resolved.

This form must be completed in its entirety. If it is not completed in its entirety it will not be accepted and will be returned to the requestor.

Describe the tangible item(s), construction and/or service(s) you would like to procure.

Annual subscription to EBSCO electronic journal article databases

Provide the following:

Vendor Name EBSCO
Address PO Box 204661
Dallas, TX 75320-4661

Name of Company Representative
Company Contact Information
Email ekurth@ebscohost.com (Erik Kurth)
Telephone 978-356-6500
Fax 978-356-5640

Amount of Proposed Sole Source $ 47,742.00
Can this procurement be made by the regular Invitations for Bids (lowest bid amount) or Request for Proposals (qualifications-based) process? If not, explain why.

No, because EBSCO is the sole publisher of the databases.

What other tangible items, services or construction methods did you consider? Specify the specifications, sources, technical data and any other non-tangible factors that you considered.

The databases allow full-text access to hundreds of online journals that we would not be able to purchase any other way.

Which other companies did you contact for the tangible item(s), construction and/or service(s)? Provide the name of the company, representatives you spoke to and contact information.

We subscribe to other databases by other companies, but EBSCO is the only provider of access to specific journals.

Did you rely on information from other individuals to make your determination, if so by who and what information did they provide?

Yes, many of the databases are specifically requested by faculty as essential to meeting their departments' curriculum and research needs or required for accreditation. All are databases that we have subscribed to for many years. Their validity and use by students is confirmed by our annual usage statistics.

Provide any additional information that may be useful in making a determination.
Attach to this department quotes, technical specifications or other data that describes the tangible item(s), service(s) and/or construction.

I certify that all the information provided in this document and all attachments (if applicable) are to the best of my knowledge and I understand that there are penalties for willful violations of the State of New Mexico Procurement Code.
