

At NMHU, co-curricular activities are defined as out-of-class experiences that complement and extend the formal learning experience of a course or academic program. Co-curricular activities develop a student's social, intellectual, cultural, democratic, civic, and aesthetic domains. They are supervised and/or financed by the institution and facilitate the attainment of NMHU's four essential traits (or student learning outcomes). These experiences are voluntary, ungraded, and non-credited, although they may be compensated through student employment.

Four identified traits/student learning outcomes that the NMHU community of faculty, students and staff identified that our graduates are expected to display:

- Mastery of content knowledge and skills
- Effective communication skills
- Critical and reflective thinking skills
- Effective use of technology

Program Name: NMHU Natatorium

Main Contact and Email: Phillip Marquez, Natatorium Director, (505) 454-3073, [pjmarquez@nmhu.edu](mailto:pjmarquez@nmhu.edu)

Program Mission: The mission of the NMHU Natatorium is to provide and promote safe, educational and recreational aquatic activities and rehabilitation for students, faculty, staff, and community members.

Intended Audience: the natatorium employs work study students as lifeguards. The lifeguards work with the natatorium director to provide a supervised aquatic program to NMHU students, faculty, and staff, as well as community members in Las Vegas, NM.

Please include data on student utilization of the program over the past year (be sure to include online and Center students if part of your intended audience).

In fall 2016, 12 work study students worked as lifeguards. During the fall semester, 3,449 persons used the swimming pool. This includes 1,616 students, 508 faculty and staff, 1171 community members, and 154 persons in groups. During the fall 2016 semester, the City of Las Vegas' swimming pool was closed for renovation. This increased our usage.

Describe how you measure student satisfaction with your program and results for this year: See Table

Student Learning Outcome:	University Trait(s) linked to which it is linked Learning Outcomes	Measures of Assessment	Timeline for Measurement	Threshold to Determine if outcome has been achieved
<p>1. <i>The lifeguards provide aquatic recreation to 3000 patrons per semester.</i></p>	<p>Mastery of content</p>	<p>Pool attendance records</p>	<p>August through December, 2016</p>	<p>3000 or more persons use the natatorium during the fall 2016 semester.</p>
<p>2. <i>Lifeguards are competent in providing services to pool patrons.</i></p>	<p>Mastery of content, critical and reflective thinking</p>	<p>Student Employee Performance Evaluation Fall 2016</p>	<p>December 2016</p>	<p>A majority of lifeguards receive 36/45 or above on their performance evaluation.</p>
<p>3. <i>Lifeguards maximize their work study hours to provide services to patrons.</i></p>	<p>Mastery of content</p>	<p>Time sheets</p>	<p>August through December, 2016</p>	<p>A majority of lifeguards work 20 hours per week.</p>

Student Learning Outcome:	Assessment Measurement Results	Outcome Achieved? (0= No, 1= yes)	Plan for Improvement
<p><b>1. The lifeguards provide aquatic recreation to 3000 patrons per semester.</b></p>	<p>3,449 persons used the NMHU Natatorium in the fall 2016 semester. Of these, 1616 were students, 508 were faculty and staff, 1171 were community members, and 154 were members of groups.</p>	<p>1</p>	<p>We will maintain our hours of operation, as we successfully met this outcome. We will continue to offer admission to students, faculty, staff, and community members, as well as groups. We recognize the city of Las Vegas pool has been closed and we are working hard to keep the patrons we have gained during that time period. The anticipated date of opening for the city pool is May 2017.</p>
<p><b>2. Lifeguards are competent in providing pool services to patrons.</b></p>	<p>100% of lifeguards scored 36/45 on the evaluation</p>	<p>1</p>	<p>We are satisfied with the results of this outcome. We will continue to offer in service training to lifeguards during the semester to keep them up to date on their skills and knowledge.</p>
<p><b>3. Lifeguards maximize their work study hours and provide services to patrons.</b></p>	<p>9 out of 12 lifeguards worked 20 hours per week. The other 3 lifeguards worked 16 hours per week.</p>	<p>1</p>	<p>While we are satisfied with these results, we will continue to try to maximize work study hours with each lifeguard, during the spring semester.</p>
