Dear Dr. Koch:

Enclosed please find the 2016/2017 Monitoring Committee Report for your RCE Program. I am pleased to inform you that CORE's Commission on Standards and Accreditation has reviewed your Annual Program Progress Report for the 2016/2017 academic year and found no reason to add additional conditions to assure continued compliance with the CORE Standards for Rehabilitation Counselor Education Programs. Subsequently, in official session on May 25, 2017, the Council on Rehabilitation Education approved continuation of your program's accreditation.

You should contact CACREP with questions about annual reporting requirements, monitoring of conditions, and process for reaccreditation. You should also obtain a copy of CACREP's Policy and Procedure manual as it is different from CORE's.

On behalf of the Council on Rehabilitation Education, please accept our congratulations on the continuing quality of your program.

Sincerely,

Frank Lane, Ph.D., CRC, LCPC
Chief Executive Officer
