What's New This Year....

After the first year of the budget cycle, we assessed that more conversations were needed between the academic departments and the Deans and the units and their respective VPs. Because the Deans, Provost, and VPs are responsible for the prioritization presented to the Executive Management Team and President, there needs to be adequate discussion and chance for input for the prioritization process. To facilitate this process in 2018-2019, the following steps will be implemented to replace the hearing discussion with the Budget Officer and VPFA:

- All Deans or VPs are to provide explicit feedback, including, but not limited to, their list of priorities to the departments chairs and/or unit heads. This feedback shall be in written form to the chair/unit head.
- The Deans and VPs will hold a meeting with the chair/heads of their respective units to discuss their priority list.
- The chair/head may appeal to the Provost or appropriate VP by providing a written explanation, with the introduction of new evidence not considered by the Dean, and with an indication of where they think their priority should appear on the Dean's list. The Provost or VP shall respond with a "Yes" or "No" to the appeal, following the process established last year.

BUDGET PROCESS FLOW FOR FISCAL YEAR 2019

....

This Year's (FY18) Budget

<u>Revenue Source</u>	<u>Dollars</u>	<u>Difference from FY17</u>
State Appropriations	\$29,090,890	(\$1,830,710)
Tuition	\$15,344,150	\$1,346,050
Grant Funds	\$1,260,633	Flat
	\$45,695,673	

Since the Beginning of Fiscal Year 2016, NMHU was cut over \$2.6 Million in State Appropriations.

FY19 State Revenue Update

- FY17 end of year revenues are up by \$140 Million. This additional revenue will help boost the university's reserves.
- FY18 revised revenues are up by \$12 Million. This will assist with building the state's reserves.
- FY19 revised revenue forecast is “\$25 Million” in new reoccurring dollars – This money will likely be allocated to programs that were funded during FY18 with “one-time” dollars. FY19 will likely be “flat” throughout most of state government.
- FY19 General Obligation Bonds (GOB) - (Property Based Tax) forecast is \$164.4 Million
- FY19 Severance Tax Bonds (STB) - (Oil & Gas and other Extract Proceeds) forecast is \$ 113 Million – “Pork Projects”

Risks to Revenue Forecasts: **Uncertainty on Reporting of Tax Revenues, Oil & Gas, and changes to Tax laws**
